Subject: Re: team kenya update

Answers to additional questions:

1. We have a research scientist from IBM who is interested in the project. We met with him for the first time on Monday and he scheduled another meeting in January
- 2 & 3. This project is voluntary and not part of our coursework, we are doing it during our free time. However we can choose to continue with it for our thesis.
- 4 & 5. We have our own thesis, class projects and work projects to do.
6. To me, (Ann) I gave it priority level 5
7. This is my third time working with a collaboration team from ITU while for Cecil and Wayua its their second time.
8. Hehee, Wayua is a girl, though she can confirm it.

Hi,

@Cecil: Sad to hear that you can't make it to the last meeting. Thank you for the status update.

@Ann: Are you attending the meeting? Otherwise we cancel the meeting and communicate via Email instead.

Also thanks for participating in the Survey. It would be nice if the ones who havn't done it yet, could also participate in the

Survey: <https://docs.google.com/forms/d/1pz4RclLomPNGF4FiKDZoZQWWkrGjRm8LNrJKIXLsMCw/viewform>

We prepared also some additional questions:

1. In the status update we read that you just met with your project advisor today for the very first time. Is this another advisor? Didn't you met with an advisor before? (we're a little confused)
2. Do you get a grade or any other benefit for participating in the project?
3. Do you do this project voluntary in your free time?
4. Or do you had to do a project (mandatory) regarding to your study plan and you choose this project?
5. Do you have other projects in parallel?
6. Compared to your other projects/exercises/work, which priority has this project to you? Please give a rate between 1 and 10.

1 = high priority (more important than all other projects)

10 = no priority (if I've got left-over time, I spend some time on this project)

7. Did you work in a project with a global distributed team before? (If yes, feel free to share your experience comparing it with this project)
8. Where is Wayua from? (She wrote Male in her profile; Is this a country?)
